## WHO AM I?

My name is Gleb and I've been doing development for more than 8 years now, have experience working full time and freelancing for huge corporations, leading digital agencies and fast-paced small startups.

I have a sound knowledge of Frontend technologies and most of my experience is in that field, but in the past I have also worked full stack, developing mobile frontends with react native and backend apis with node, express and firebase.

## BRANDS I WORKED FOR

## EXPERIENCE

- 3/2022 – 3/2023 **Freelance Frontend Developer** About You • FC Bayern - Germany  
I was involved in creating a new generation online shop for **FC Bayern**, built on top of Commerce Engine offered by Scayle and About you. The shop launched in Autumn 2022 and is available in 10 countries under fcbayern.com/store
- Building custom solution on top of enterprise-grade foundation
  - Being involved in the project from concept phase all the way to release and the following maintenance and support mode
- Vue / Nuxt / Typescript / Storyblok / Tailwind
- 2/2019 – 2/2022 **Senior Product Engineer** SinnerSchrader - Germany  
As a part of one of the leading digital agencies in Germany, I have worked with numerous transnational corporations to create or enhance their digital experience, including but not limited to:
- Developing enterprise grade microfrontends for **Telefonica (o2)**.
  - Maintaining internal and open source angular component library for **Allianz**: [github.com/aposin/ng-aquila](https://github.com/aposin/ng-aquila)
  - Supporting **ADAC** website.
  - Maintaining component library for **Audi** Cosmos.
- Angular / React / Vue / Typescript / GraphQL / SASS
- 4/2018 – 1/2019 **Development Lead** Everyday AB - Sweden  
As a part of Everyday, I was responsible for developing a chat-centered mobile app and backend for personalised leadership trainings.
- React Native / Firebase / MobX / Node+Express / Dialogflow

3/2018 – 9/2018	<b>Web Development Mentor</b> Mentoring students of Thinkful programmes on frontend web technologies. Holding two hour-long one-on-one sessions with each student weekly, answering questions, helping to advance with complex topics, providing references and materials for students to grow and improve their skillsets. JS / HTML / CSS	Thinkful - USA
8/2016 – 1/2018	<b>Frontend Developer</b> Developing enterprise grade frontend for Volkswagen new generation website Typescript / React / Redux / Webpack / SASS + BEM	SinnerSchrader - Czechia
